Cafe Monteverde / Cafe La Bella Tica Order Form

Cafe Monteverde and Cafe La Bella Tica are fair trade coffees grown in harmony with the Monteverde Cloud Forest in Costa Rica. The sale of this coffee helps to support the Ann Kriebel/San Luis Project, a project in sustainable agriculture for local farmers. Since its inception, this project has inspired many with a vision of an environmentally sustainable and peaceful world.

Please return this form to school, attention **Coffee Project**. Mark below the number of 1/2 lb. or 1 lb. bags of each type of coffee that you would like to purchase. Please include payment (checks payable to FSH) with your order form. Orders will be filled and sent home with your child. Coffee will be whole bean unless marked with a "G" for ground. Questions? Coffee You Can Feel Good About!

Café Monteverde is the premier Costa Rican Cloud Forest coffee. Café Monteverde is considered one of the highest quality coffees in the world and one of the best coffees grown in Costa Rica.

Café Monteverde (light roast)

A snappy, bright flavor in a light roast. Also available in water processed decaf.

Monteverde Sunrise (flavored)

A flavored coffee as unique as Monteverde itself. A delicious, buttery, rich flavor. Also available in water processed decaf.

Café La Bella Tica is grown by a friend of FSH, Oldemar Salazar. Each year, Oldemar welcomes our students into his home in Costa Rica and shares with them his passion for growing coffee. His beans are all harvested by hand and also organically shade-grown. Each coffee bag is made from recycled paper and the labels were designed by Oldemar's wife and daughter. By buying directly from Oldemar we can better support Finca La Bella and enjoy a fresh cup of coffee shipped directly from his farm to FSH!

Cafe La Bella Tica is an organic coffee available in *Medium* and *Dark* roasts.

**Cafe La Bella Tica can only be purchased at two locations
Finca La Bella in the San Luis Valley
...and right here at FSH!**
